

Guangdong Crown Paint Co.,Ltd.

Paint Product Catalog

- | Specialized in building paint since 1997;
- | One-Stop service provider for concrete floor coating
- | Certified with ISO9001, ISO14001
- | Close relationship with BASF,Bayer,BYK
- | Top 10 paint brand in China
- | Exported to over 50 countries since 2004

Professional One-Stop Service for your flooring project
from floor-check to paint application

What is Floor Coating Paint?

It is chemical paint specially designed for coating on floor surface of cement mortar, concrete, steel, etc. to protect, decorate the floor or perform certain function for the floor.

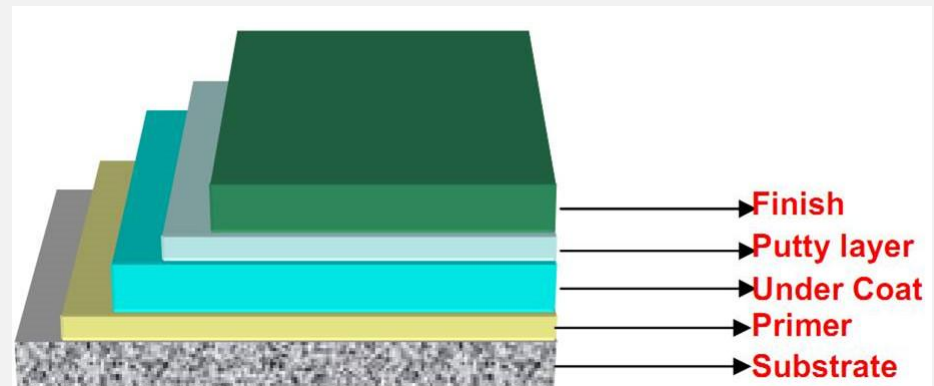

The major object large scale of concrete, metal, stone floor and so on of industrial plant, Premises commercial buildings, even residential houses.

Why install Floor Coating Paint?

- 1, Easy-To-Clean Smooth Surface;
- 2, Non-Dust Environment & Energy Savings;
- 3, Good Abrasion Resistance;
- 4, Good Resistance to Alkaline chemicals;
- 5, Improves safety & Increase Productivity;
- 6, Beautiful Appearance & Improve factory image;
- 7, Long-Term Cost Savings;
- 8, Easy Maintenance;
- 9, Environment-Friendly & Harmless;
- 10, Others Advantages like Anti-Static, Anti-Slip, Elasticity, Weathering-Resistance.

What is Floor Coating System?

General Coating System includes 3~4 layers, depending on floor condition
Primer, Undercoat, Putty, Finish

Floor Paint Catalog -1

Model:CP-4000

Non-Solvent Heavy Duty Epoxy
Glossy & Matt Finish
Wear-Resistance $\cong 0.02g$
Hardness: 3H
Impact Resistance $\cong 50kg.cm$
Various Solid Colors
Suitable for Parking Lot,
Warehouse,Factory,etc.
Thickness: 1~3 MM
Life Span: 8~10 years

Model: CP-ET

Wrinkly Surface Heavy Duty
Wear-Resistance $\cong 0.02g$
Hardness: 3H
Impact Resistance $\cong 50kg.cm$
Various Solid Colors
Suitable for Parking Lot,
Warehouse,Factory,etc.
Thickness: 1~3 MM
Life Span: 8~10 years

Model:CP-200

Ceramic Beads Non-Slip Epoxy

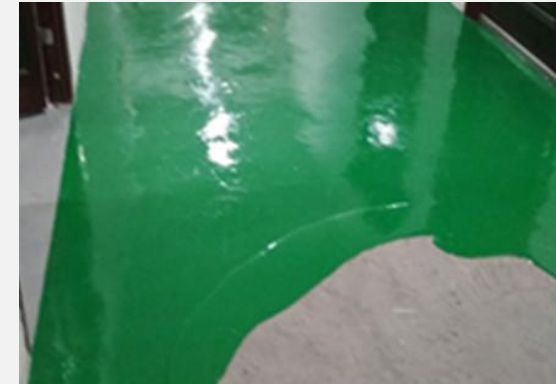

Wear-Resistance $\cong 0.02g$
Hardness: 3H
Impact Resistance $\cong 50kg.cm$
Various Solid Colors
Parking Lot,Warehouse,
Passageway,etc.
Thickness: 1~3 MM
Life Span: 8~10 years

Model:CP-301

1K Acrylic Paint
Multiple direct uses

Suitable for various materials
surface,like concrete,wood,
metal,PVC,etc.
Various Solid Colors

Thickness: 0.5~1MM
Life Span: 1~3 years

Model:CP-5000

Self-Leveling Epoxy Paint
Glossy&Matt Finish
Heavy Duty&Super clean
Mirror-Like Surface
Various Solid Colors

Wear-Resistance $\cong 0.06g$
Shore Hardness: 80
Impact Resistance $\cong 50kg.cm$
Thickness: 1~5 MM
Life Span: 10~15 years

Model:CP-7000

Anti-Static Self-Leveling Epoxy

Wear-Resistance $\cong 0.02g$
Hardness: 4H
Impact Resistance $\cong 50kg.cm$
Various Solid Colors
Suitable for
Precision Plant,Power Station,

Thickness: 1~3 MM
Life Span: 5~8 years

Floor Paint Catalog -2

Model:CP-808

Super Wear-Resistant
Polyurethane Floor Paint
Matt Finish
Hardness $\geq 6H$
Wear-Resistance $\leq 0.002g$
Impact Resistance $\geq 50kg.cm$
Tensile Strength $\geq 7MPa$
Yellowing Resistant
Resistant to Hot Water
Resistant to Chemicals
Thickness: 1~3 MM
Life Span: 15~20 years

Model:CP-800

Weather Resistant Polyurethane

Hardness 4H
Wear-Resistance $\leq 0.02g$
Impact Resistance $\geq 50kg.cm$

Suitable for Outdoor Parking,
Walking Street, Stadium
bleacher, etc.
Thickness: 0.3~3 MM
Life Span: 5~8 years

Model:CP-9000

Water-Base Epoxy Paint

Environment Green
Hardness :2H
Wear-Resistance $\leq 0.02g$
Impact Resistance $\geq 50kg.cm$

Thickness: 2~3 MM
Life Span: 8~10 years

Model:CP-401

Polyurea Anti-Corrosion Paint
Water-Proof
Tensile Strength $\geq 15MPa$
Elongation at break $\geq 150\%$
Low Temperature Flexible: $-40^{\circ}C$
UV Resistance: Good

Shopping Mall,
And so on...
Thickness: 0.3~3 MM
Life Span: 8~10 years

Model:CP-007

Liquid Concrete Sealer
Surface hardness ratio: 150%
Wear-Resistance ratio: 145%
Permeability resistance:
Water absorption reduced by 75%

Suitable for warehouse, parking,
factory, concrete reinforcement.

Model:CP-818

Water-Base PU Clear Varnish
Super wear-resistant
Interior & Exterior Floors
Hardness: $\geq 5H$
Wear-Resistance $\leq 0.002g$

Suitable for 3D Epoxy floor, PVC
swimming pool, water park, etc.

Floor Paint Catalog -3

Model:CP-30

Epoxy Clear Primer

High Sealing on
Concrete Floor
Mixing with quartz
sand
Repair gaps,holes,etc.

Large Coverage

Model:CP-149

Epoxy Line Paint

Marking lines on
top of epoxy finish
White &Yellow

Large Coverage
Small Consumption

Model:CP-142

Epoxy Wall Paint

Smooth finish
Available in colors

Large Coverage

Model:CP-M

Fast-Drying Epoxy Mid-Coat

Mix with Quartz Sand,
Quartz Powder for layers

Smooth the floor;
Repair the damage;
Fill the gaps,holes.

Available in colors.

8 hours for grinding at 25 °C

Model:CP-727

Waterproof Paint
for Wall & Floor

Cement Base &
Emulsion Acrylic

High Flexibility
Large Coverage
